DETAILED ACTION

1. The office sent a notice of non-compliance to the applicant in response to the amendment received on June 23, 2004. Applicant's representative was subsequently contacted about an examiners amendment that would obviate the notice of non-compliance (see the attached interview summary). Since the applicant's representative was agreeable to the examiners amendment, the notice of non-compliance sent out by the office on August 23, 2004 is considered moot.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with W. Wayne Liauh on September 8, 2004.

The application has been amended as follows:

- Cancel claims 6 and 8.

Allowable Subject Matter

3. Claims 1-5, 7 and 9-10 are allowed. Claim 7 will be renumbered as claim 6, and claims 9-10 will be renumbered as 7-8, respectively.

4. The following is an examiner's statement of reasons for allowance:

The closest cited prior art (U.S. Patent No. 6,449,380 to Acharya et al) fails to teach or suggest embedding an electronic signature into a host image according to the parameters recited by independent claim 1. Claims 2-5, 7 and 9-10 are allowable for the reasons stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
